

About us:

ConferClinic is a Healthcare Software, designed with transformative digital solutions to empower Hospitals and Clinicians.

ConferClinic is a product of SimpleeKare, a healthcare IT Solutions Company that has a strong foothold and expertise in the healthcare IT industry. Founded in 2016, it has been devoted to carefully understanding the key challenges faced by the healthcare industry and come up with the best healthcare software solution available to small, medium and large healthcare organizations.

Our Vision:

To bring a seamless and connected experience in healthcare ecosystem we design quality healthcare software easily and widely accessible to everyone.

Our Mission:

Empower Healthcare provider to deliver optimum healthcare to patients with best-in-class technology.
